

HEAVY DUTY CABIN AIR FILTERS

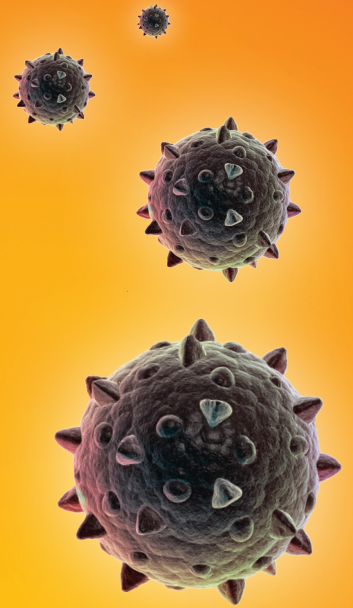

Quality Filtration For
On-Highway, Vocational
and Off-Road Applications

LUBER FINER[®]
BUILT TO DO MORE[®]

GET A CLEANER, HEALTHIER CABIN

Fleet managers and regulators are always trying to improve safety. Breathing cleaner cabin air may help drivers be more alert so they can finish their routes safely. Quality cabin air filters can help remove allergens, dust and particulate matter that can irritate the eyes, nose and throat.

A clean, healthy cabin can also be a great way to recruit qualified drivers, who are becoming increasingly harder to attract and retain. Luber-finer® cabin air filters help improve the quality of a driver's home-away-from-home.

Luber-finer® cabin air filters:

- Are designed to remove dust, pollen
- Trap many harmful pollutants before they reach the cabin
- Can easily be changed in most applications
- Meet form, fit and function characteristics for the application

Replacement cycle

- Regular, seasonal change intervals can help maintain healthy cabin air quality
- Timely replacement protects against seasonal pollutants

FOR CLEANER, HEALTHIER, MORE COMFORTABLE AIR

Luber-finer® Extreme Clean HD™ Cabin Air Filters:

- Absorb Odors
- Combine Activated Carbon with Arm & Hammer® Baking Soda
- Filter 98% of contaminants (as small as 5 microns**)

**Road dust and pollen particles ranging in size from 5-500 microns
